*Join Us In  
South Florida!*

### Global Connections

Ocean Exchange promotes registered Solutions Inspiring Action through our widely distributed newsletter and through the global network of our Board, Delegates, Solutions Review Team, Executive Team, and other experts in our ecosystem.

**Ocean Exchange™** is the international platform for accelerating the adoption of and the transfer of solutions across industries that positively impact environments, economies and health while respecting cultures around the world.

### Eligibility Requirements

- Teams or individual innovators are invited to register.
- Applicants must be undergraduate or graduate student with active student status within one year.
- Solution must be student-led.
- Teams must pitch in person.
- Delegates representing business, academia, government, and non-profits will select winners at the event in Fort Lauderdale.

### Important Dates

- Submit registrations by 11:59pm GMT on Monday, Monday September 20, 2021
- Finalists will be selected by our Solutions Review Team to travel to Fort Lauderdale, FL, USA (expenses paid) to present at Ocean Exchange Oct 24-26, 2021.
- Collegiate pitches will be conducted Sunday, Oct 24th and Monday Oct 25th, 2021.

**\$25,000 USD**

## OCEAN EXCHANGE COLLEGIATE AWARD 2021

The award of US\$25,000 will be given to the solution that advances the decarbonisation of the maritime shipping industry, either while underway or while in port.

We seek solutions that are globally scalable, and which are applicable to any segment, including commercial ocean carriers, ferries and coastal transportation, large recreational yachts, towing and barge vessels, the cruise industry, and defense/security maritime sectors.

**\$10,000 USD**

## BROWARD COLLEGE INNOVATION AWARD 2021

The Broward College Innovation Award 2021 of \$10,000 USD is given to the collegiate solution that advances our understanding of the ocean and that helps minimize our impact on these resources, even while using them for human benefit, resulting in more resilient bodies of water including healthy marine life and coastlines.
