

OCEAN
EXCHANGE 2023

SAVE THE DATE

Ocean Exchange, now in our 12th year, is a global ecosystem whose mission is to accelerate the adoption of innovative solutions for healthy oceans and a sustainable blue economy. We invite you to join us as a voting delegate October 22-24 in Fort Lauderdale. Along with our Board of Governors and invited guests representing a cross-section of professions from industry, government, conservation, research, and academia you will help select the winners of the \$100,000 WW Orcelle® Award, the \$100,000 Neptune Award, the \$100,000 Innovation Award for Transportation and Logistics Hubs and our two Collegiate Awards for \$10,000.

October 22-24—Fort Lauderdale, FL

The commitment of a voting delegate is to evaluate 12 of our 24 leading edge finalists over a two-day period. You will work with like-minded local and international leaders from varied backgrounds all seeking solutions for our oceans. Meals and social receptions will provide ample time for networking with other delegates and finalists.

SOLUTIONS INSPIRING ACTION

Ocean Exchange seeks solutions in fisheries/marine habitat, vessel/port operations, CO2 reduction and sequestration, data/robotics, renewable energy, water treatment, marine biotechnology. Don't miss this inspirational opportunity to meet and interact with startups who are making positive changes to the world we live in.
